

## **PanTerra Partners with Jenne for the Distribution of WorldSmart Services**

*The partnering of both teams will help increase cloud adoption across the reseller network*

**SANTA CLARA, Calif. – March 29, 2016** – [PanTerra Networks](#), the leading provider of unified cloud services for mid-market enterprises, today announced it has entered into a distribution agreement with Jenne, Inc., a leading value-added distributor of voice, video, data networking, premise security and cloud solutions. Jenne will be authorized to distribute all WorldSmart services including CloudUC, SmartBox, SmartBand, SentraCloud and SmartCPE.

"Jenne has experienced an increasing demand for all types of cloud services from our value-added reseller partners and PanTerra's comprehensive communications-enabled unified cloud services portfolio is a perfect product fit for those needs," said Ray Jenne, president, operations, Jenne, Inc. Ray continued, "Jenne's partners also have been asking for a highly differentiated cloud communications product for the last 12 months and with the addition of PanTerra's feature rich unified communications CloudUC services, we'll be able to compete very effectively in any vertical."

"We're excited about the relationships Jenne has with its resellers and agents and their ability to increase cloud adoption within the mid-market enterprise arena," said Arthur Chang, CEO of PanTerra Networks. He continued, "We see huge potential in the mainstream adoption of all of our unified cloud services including CloudUC and SmartBox, our communications-enabled file sync and share offering, which is fully HIPAA compliant for added security."

### **About PanTerra Networks**

PanTerra Networks is a business-class Unified Cloud Service Provider, seamlessly delivering multi-media communications, collaborations, contact center, file sync & share and business analytics through its WorldSmart solution. WorldSmart is a HIPAA compliant, highly secure, ultra-reliable, futureproof unified cloud service that can be custom configured on a user by user basis and consistently deployed world-wide.

WorldSmart includes [CloudUC](#), its unified communications service that can upgrade or replace an enterprise's existing communications and collaborations infrastructure with a next-generation cloud-based unified communications service and [SmartBox](#) – Enterprise File Sync & Share, its secure cloud file storage, sync & share service with built-in unified communications features.

All WorldSmart services can be self-managed or provided through [SentraCloud](#), its fully managed solution delivered by PanTerra, which includes the management of all WorldSmart services, optional last mile MPLS capable connectivity and any associated on-premises networking equipment.

With PanTerra's Unified Cloud Service solution, enterprises gain the highest levels of security, scalability, reliability, availability, quality of service, service level agreement and support while significantly lowering their total cost of operations and IT administration complexities. PanTerra is headquartered in Santa Clara, CA.
